Product Description

Ariens Deluxe 30 EFI Snow Blower - 921049

The Deluxe Series is consistently one of our best sellers because it has a history of knocking winter down a few notches. They're easy to maneuver and control with their standard Auto-Turn[™] steering and huge 14" serrated all-steel auger. A high 21" housing height devours the snow before throwing it up to 50 feet at a rate of 62-72 tons per hour. Various engines and machine widths make it easy to find the right unit for your property. Behind a Deluxe, you're walking in the tire tracks of greatness.

- Built for high altitudes, this EFI-powered machine will deliver the performance you need and exceed your expectations
- Wide 30" clearing width that moves 71 tons of snow per hour
- Premium features like Auto-Turn, heated hand grips, and an LED headlight
