Product Description

Ariens Professional 21 SSR Snow Blower - 938024

This rugged workhorse is the perfect addition to any commercial snow-clearing fleet thanks to its powerful Ariens® AX 208cc engine and ingenious design elements. Its smart lift handlebar system slides right into your vehicle and an open engine allows for easy access to the oil fill, oil drain, and spark plug. A perfect marriage of form and function, the Professional 21 will blow away your expectations - along with tons of snow.

- Large 21" clearing width and remote chute operation
- Ariens AX 208cc engine opens easily for maintenance to the spark plug, recoil, and carburetor
- Engineered for those who move loads of snow from several sites in a given workday
