Product Description

Echo DLM-2100 21" Electric Push Lawn Mower - Bare Tool

The DLM-2100 push lawn mower, powered by the ECHO 56V Battery System, delivers hassle-free mowing with legendary ECHO power. With an auto-switch dual-battery dock, three quick-switch clippings discharge settings and a large 21 in. cutting deck, it makes cuts without compromise.

TOP FEATURES

- **21" Heavy-Duty Steel Deck** - Covers more ground with each pass while providing long-lasting durability.
- **ECHO 56V Battery System** - Delivers cordless performance with the trusted power of the ECHO battery platform.
- **Auto-Switch Dual Battery Dock** - Automatically switches to a second battery to help reduce downtime during mowing.
- **3-in-1 Discharge Capability** - Supports mulching, bagging, or side discharge to match different lawn care needs. (*Bagging and side discharge sold separately.*)
- **Electric Push Mower Design** - Offers hassle-free operation without the maintenance of a gas-powered engine.
- **Bare Tool Configuration** - Ideal for users who already own compatible ECHO 56V batteries and chargers.
- **Commercial-Quality Build** - Designed with a durable steel deck for dependable mowing performance.

Best Use

- **Residential Lawn Care** - Perfect for homeowners maintaining small to medium-sized yards with cordless convenience.
- **Cordless Equipment Users** - An excellent choice for those already invested in the ECHO 56V Battery System.

- **Versatile Lawn Maintenance** - Choose between mulching, bagging, or side discharge to suit changing mowing conditions.
- **Budget-Friendly Equipment Options** - Browse our [2nd hand power equipment for sale](#) if you're comparing new and pre-owned outdoor equipment.
- **Local Equipment Service** - Keep your mower operating at its best with a trusted [power equipment repair shop near Dresser, WI](#).
